

CERTIFICATE No. 3-222-07

name of the icon:

**Icons of the Saviour
and the Godmother "Quick to Hearken"**

the size of the icons: 200 * 160 mm

The base for the icons is cedar wood panel. The icons are painted in accordance with the ancient practice using the tempera technique. Tempera is a paint that contains yolk emulsion and natural pigments and minerals: zinnober, blue spar, glauco, etc, non-toxic blue copper ore, green copper and different types of amorphous ochres.

The icons background is covered with leaf-gold.

Reverend Mother of the Novo-Tikhvinsky Convent

Heiguminess Domnika
